

CAREER NAVIGATOR PROGRAM

Helping Students Chart a Course toward Career Success

Today's labor market is unlike any before, and students need both academic and technical skills to succeed. The Career Navigator Program was established to help 9th graders start to explore today's careers and the guided pathways toward achieving their goals.

Through the Career Navigator Program, students learn about six career fields and the preparation they need to thrive in them.

- Agriculture, Food and Natural Resources
- Art, Communications and Information Systems
- Engineering, Manufacturing, and Technology
- Health Science Technology
- Human Services
- Business, Management, and Administration

The Career Navigator program includes:

- 1 Skills Assessment to determine interests, talents and strengths
- 2 Exploration of different careers and the work skills needed for each field
- 3 Development of an education plan for high school and beyond

The Career Navigator program is the start of a journey to a rewarding career!

The Career Navigator program is made possible through a partnership of
